

Hiab Moffett LR30.3 Live Receiving Forklift

TECHNICAL INFORMATION

LR 30.3

Hiab Moffett LR30.3

The first dedicated machine for handling live haul in the yard

Renowned for its M9 Truck-mounted Forklift, Cargotec offers a specific Poultry Live receiving model, that has been built for the tough working requirements in the yard.

In association with leading businesses in the poultry industry worldwide, this model has been built to meet the specifically demanding industry requirements of live receiving operations.

Hiab Moffett Forklifts are unrivalled in performance and reliability. Equipped with the latest features for optimised load handling, the LR30.3 will make short work of typical load handling challenges:

- > Dramatically improved operating efficiency
- > Reduced product / module damage during the loading / unloading process
- > Masters the long duty cycles and working conditions.
- > Negotiates within confined areas
- > Eliminates manual handling
- > Unrivalled durability and life cycle costs with minimum maintenance requirements

Streamlining Live Receiving Operations

The LR30.3 is the specialist for poultry live receiving operations. Compact and strong it handles the most challenging operating conditions and long working hours. With a lift capacity of up to 3000 kg, the LR30.3 is built for hard work and allows you to access even the most confined areas of the yard, handling live haul quickly and safely.

The Hiab Moffett LR30.3 is both, powerful and agile and is available with a range of options to match specific application requirements

Leading Technology

Key Product Features

The features of the LR30.3 meet and exceed the industry requirements in live receiving operations.

The LR30.3 ticks all boxes with regard to operational savings, maintenance savings and operator interface.

- > Rear flat race steer bearing for longevity and ease of maintenance

- > Advanced RKM hydraulic filter system

- > 24 ply industrial tyres

- > Kubota V2403T (iTier 4/Stage 3A) 60hp engine

- > Easy access to engine compartments for ease of maintenance and service

- > Featuring swing out panels along with hinged 80 litres fuel tank

- > Heavy duty standard 4 Mast, adjustable wear pads, pivot forks and option of Rotator

- > High capacity hydraulic Oil Cooler

- > Robust frame and cross members with side pods for strength and durability

- > Excellent visibility, wipers and lights (4 front, 2 rear) for low light areas

- > The air filter pre-cleaner helps keeping feathers and dust out of the air filter

The operator compartment is fully enclosed with toughened glass panels for winter use and can be easily removed for open air use during warm weather months.

- > Easily removable side door and toughened glass panels

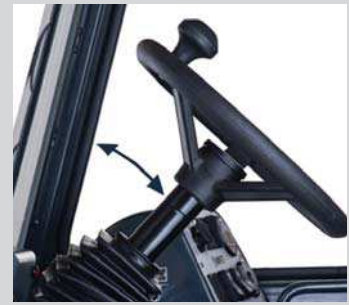

- > Fully adjustable air suspension seat for operator comfort

- > In-cab heater and for operator comfort

- > Recirculation fan for operator comfort

- > Tilt adjustable steering for optimum operator interface

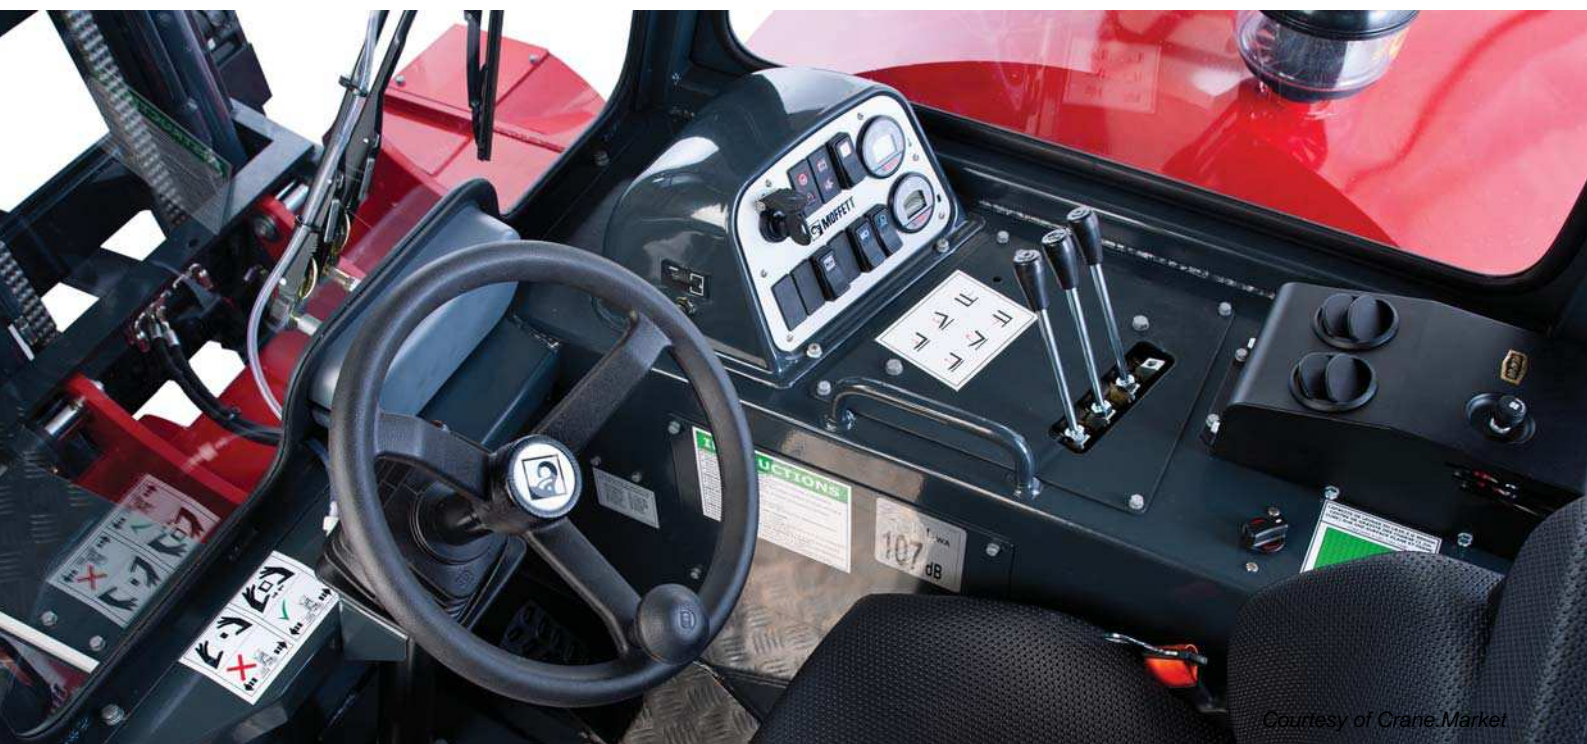

- > M-series dash panel, with IP65 gauges / switches

- > Convex rear view mirror for maximum visibility

The Hiab Moffett LR30.3 Live Receiving Forklift features an ergonomically designed operator compartment that is suspended on hydraulic mounts for enhanced operator comfort.

Technical Specification

LR30.3	
Lifting Capacity	3000 kg @ 600 mm Load Centre
Engine	Kubota Diesel 44 KW (60 HP)
Lifting Height	3.3 mm
Standard Tyres	27x10-12
Drive Wheels	3
Unladen Weight*	5500kg
Ground Clearance	345mm

The above specifications can be changed by the manufacturer without prior notice. * The values vary depending on machine specification.

Whatever the conditions: confined, busy or dirty, and extensive hours of operation, the LR30.3 is the reliable and powerful specialist forklift for streamlining live haul and live receiving operations

Reinforcing decades of market leadership, we are now offering two dedicated models for this industry. The LR30.3 and the truck-mounted M9 are leveraging component commonalities and standard operation and maintenance practices, along with proven performance and commitment to product support.

A Strong Partner

Delivering Confidence

Cargotec improves the efficiency of cargo flows by offering handling systems and related services for the loading and unloading of goods. Cargotec's brands, Hiab, Kalmar and MacGregor, are global market leaders in their fields and their solutions are used on land and at sea.

With our unparalleled sales/after-sales service, fast spare parts deliveries, expert machine servicing and our global dealer network, Cargotec is committed to delivering confidence through our Total Customer Care package.

The Cargotec centralised spare parts service ensures fast and smooth delivery to all points of the globe. Our highly skilled service teams understand your business and offer you outstanding support services, maximising the performance and extending the life of your machine.

With Cargotec you are guaranteed the benefits of a strong network and personal and efficient service throughout the entire life cycle of your Truck-mounted Forklift.

Cargotec improves the efficiency of cargo flows on land and at sea – wherever cargo is on the move. Cargotec's daughter brands Hiab, Kalmar and MacGregor are recognised¹ leaders in cargo and load handling solutions around the world. www.cargotec.com
