

POWER TOWER

The Powered Scaffold Tower

Welcome to the new,
improved **Power Tower**
the powered scaffold
tower.

Now with even larger (1520mm x 750mm) platform,
the Power Tower gives the user even more room to
work and more room for tools and equipment.

With over 50% more platform size than its nearest
competitor, the Power Tower requires less moves to
cover the same area for many applications. And at
only 780mm wide will still pass comfortably through
a standard single doorway.

The heavy duty Power Tower really is the cost
effective, safe and efficient alternative to large
podiums or small scaffold towers.

Designed and manufactured in the UK since 2007
the Power Tower provides the operator with simple,
effortless access up to 5.1m working height from
very compact closed dimensions L: 1.6m W: 0.78m
H: 1.85m.

Make life easy, simply push into position, step in
through the easy entry gate and press a button.
