

# MHP 12J

Snorkelift trailer mounted, articulating boom aerial work platforms, provide the reach and work capabilities of much more expensive truck mounted or self propelled aerial platforms. The completely self contained, self powered, trailer mounted design is more economical to own and operate.

<b>Working Height</b>	12.0m	39'4"
<b>Platform</b>		
<b>Height</b>	10.4m	34'1"
<b>Capacity</b>	200kg	440lbs
<b>Size</b>	120x76x115cm	4'x2'6"x3'9"
<b>Construction</b>	Aluminium	
<b>Levelling</b>	Mechanical	
<b>Boom Construction</b>	Steel	
<b>Boom Type</b>	Articulating	
<b>Horizontal Reach</b>	5.4m at 5.65m	17'9" at 18'6"
<b>Turntable Rotation</b>	550° non-continuous	
<b>Power Source</b>	Gasoline engine 5.5hp	
<b>Hydraulic System</b>	Proportional electro hydraulic system. Live hydraulic stabilisers. All cylinders equipped with holding valves.	
<b>Stabilisation</b>	4 x independently operated hydraulic outriggers with safety interlocks.	
<b>Standard Colour</b>	White boom/Snorkel orange base.	
<b>Travelling Height</b>	2.04m	6'8"
<b>Overall Length (stowed)</b>	5.71m	18'8"
<b>Overall Width</b>		
<b>Outrigger (retracted)</b>	1.55m	5'1"
<b>Outrigger (extended)</b>	3.50m	11'5"
<b>Tyre Size</b>	165R x 13LT	
<b>Brakes</b>	Disc	
<b>Weight (approx)</b>	1,160kg	2,558lbs

- All Steel boom & base construction
- Outrigger/Boom safety interlock switches
- Emergency manual bleed down valve
- Number coded wiring
- Fail safe hydraulics with check valves
- 5 Year Warranty
- Disc brakes
- Two man platform capacity
- Gasoline engine
- Independently operated hydraulic swing down outriggers
- Hour meter
- Foot switch in basket
